What They Say

“It just started raining which was uncontrollable but the staff were very very efficient in getting everything set up inside so quickly. We both can't thank the staff and manager (Rosley) enough for looking after our wedding day. Just to say Thanks for all involved to make our special day run smoothly.” Rebecca

“We would like to extend our thanks to you and your team for all the assistance given throughout the planning for and running of our Akad Nikah Ceremony which was successfully held yesterday in STAR's Main Ballroom. Glad to say that we were very happy with the outcome and the guests seem to share the same feelings too.

You and your team have been very flexible and easy to deal with. We enjoyed working with you and will definitely recommend others to engage with you should they need any similar services in the future. Once again, thank you.” RJ & Sherena
